

## NON-ADHESIVE

### Silicon Carbide Waterproof Abrasive Discs, Rolls and Papers

Non-adhesive discs, rolls and papers for the initial stages of metallographic preparations, available in a variety of sizes, dimensions and grits.

#### Met Discs

Available in a variety of diameters **200mm to 300mm** and grit sizes from **60 to 4000**.

Box of 100	200mm dia	230mm dia	250mm dia	300mm dia

800	342235
1200	342206
2500	342339

## SELF ADHESIVE

### Bramet N

New improved Bramet with easy peel off adhesive, waterproof silicon carbide papers. No need for clamping or glueing, saving time when changing grit sizes.

#### Bramet Strips

Available in two sizes **75mm x 275mm** and **305mm x 305mm** and in a variety of grits from **60 to 2500**.

Pack of 10	75mm x 275mm	305mm x 305mm

### Kemflex

A new product that makes the grinding process easier for most materials, by linking up a revolutionary support system with various grinding discs. Thanks to Kemflex Fix, you will no longer have to use a magnet or self-adhesive support. No more fastidious un-sticking or disposal of waste from magnetic systems.

#### The Kemflex Fix Support

Neither self-adhesive, nor magnetic, the new Kemflex Fix Support is NEW.

A non slip surface provides drive and support. Kemflex offers you unequalled performance as well as a considerable reduction in waste.

#### The Kemflex Max Grinding Discs

A new generation of diamond grinding discs, offering time saving and longer life. Replace pre-forming abrasive papers (P180 to P600). Kemflex Max quite simply fits on the Kemflex Fix. Water is used for disc lubrication.
