

Kemet

Kemflex Max & Kemflex MED B

Exceptional performance!

Safe to use!

Can be used on different supports such as magnetic !

The next generation of diamond grinding discs for grinding and semi finishing of materials (>150 Hv) – the **Kemflex Max** and **Kemflex Med B**.

Kemflex Max

Kemflex Max offers increased grinding performance, with more than 100% improvement compared to other products available on the market.

They have been designed with smooth edges. The importance of round edges is to ensure safe operation, and removes the chance of cutting fingers. Cleaning of the disc is very easy and polishing plate overhang allows for supports to be protected from grinding debris. Available in 200mm, 250mm and 300mm diameter. Grit sizes colour coded for easy use.

			200mm Dia	250mm Dia	300mm Dia
Description	Grit	Colour	Code	Code	Code
Kemflex Max 80	80	Red	343504	343514	343519
Kemflex Max 120	120	Yellow	343505	343515	343520
Kemflex Max 220	220	Green	343506	343516	343521
Kemflex Max 600	600	Blue	343508	343518	343523

Kemflex Med B

Ideal for use with Kemet monocrystalline diamond suspensions (15-WM, 9-WM and 6WM) or Kemet Polycrystalline diamond suspensions (15-WP, 9WP, 6-WP). Like the Kemflex Max, the Kemflex Med B has been designed to give better performance and last longer than other products on the market. Grey colour coded. Available in 200mm, 250mm and 300mm diameter.

		200mm Dia	250mm Dia	300mm Dia
